Here to support you throughout your entire healing process

A new piercing will take 3-4 months before it can be downsized to a shorter bar. Your next appointment can be scheduled after this time to add more piercings to your design.

1. If you have questions or concerns before your next appointment, just reach out through text and we will help you as you heal.
2. You may also walk-in any time between 11:00-6:00 Thursday-Saturday to have us take a look at how you are healing.
3. Be diligent with your aftercare, careful with your new piercing and patient as it goes through the healing process.

Cost is variable...What to expect

Each new piercing will cost anywhere from \$50-\$60. The jewelry is included unless you would like an upgraded piece. These range anywhere from \$8.00 to \$16.00

All of our jewelry is titanium flat back posts with a push pin style top that snaps into place. Hoops are clicker style that close internally.

If you are only getting new jewelry, the cost will only be for the pieces that you choose. They can range anywhere from \$8.00-\$24.00 each.

These appointments are a lot of fun. We take great care in finding the most exceptional jewelry for your style, along with the perfect placement to compliment your look.
